

#WhitworthAdvent DIY Needle Case Pattern

Needle case cover.

x2 of these in a fabric of your choice.

x1 of these in cotton batting/ wadding or in interfacing (optional)

Leave a
gap →

Sew the cover with the 'right' (patterned) sides facing together.

*Don't sew all the way around. Leave a gap so you can turn the cover inside out/ the right way round.

Did you know? This project was inspired by Margaret Pilkington's needlecase, which is held in the Whitworth's collections. Margaret Pilkington (1891-1974) was honorary director of the Whitworth from 1936-1959.

Needle case 'pages'.

Cut out as many of these as you like.

I prefer to use cotton batting/ wadding for these but you can use felt or another fabric if you want.
